

a measurable difference...

Haze Meter

IDM Instruments Pty Ltd[®] supplies the Micro-Haze meter, which measures both gloss and haze in one easy to use instrument. It is useful for measurement on the finished product and quality control in the production process. The Haze Meter comes with serial RS 232 connection and the Easy-link software, allowing all direct data transferred into Excel and displayed in a professional looking QC-Report.

Application:

- Plastic

Features:

- Haze and Gloss 20°
- Compact size
- Simple one button calibration
- Menu guided operation
- Statistics with average and standard deviation
- Interface to PC and Printer
- QC-link Software

Standards:

Haze:

- ASTM E430
- DIN EN ISO 13803

Gloss:

- ASTM D523
- ASTM D2457
- ASTM E430
- DIN 67530
- DIN EN ISO 2813

10-11 Colrado Court, Hallam, Victoria 3803 Australia.
